ABOUT US

Reming Construction Services, a testament to Filipino ingenuity and enterprise, stands tall as a cornerstone in the nation's construction industry. The brainchild of the visionary Remigio Jr Cabatic, the company has etched its name in the annals of Philippine construction through its unwavering commitment to quality, innovation, and sustainable development. From its humble beginnings, **Reming Construction Services** has grown into a formidable force, undertaking a diverse portfolio of projects that spans residential, commercial, industrial, and infrastructure sectors. The company's success story is a reflection of Cabatic's entrepreneurial spirit and his ability to assemble a team of skilled professionals who share his passion for building structures that not only meet but exceed client expectations.

Under the astute leadership of Remigio Jr Cabatic, **Reming Construction Services** has consistently demonstrated its capacity to adapt to the ever-evolving landscape of the construction industry. The company has embraced technological advancements and sustainable practices, positioning itself as a frontrunner in the adoption of eco-friendly building solutions. With a deep-rooted sense of corporate social responsibility, **Reming Construction Services** is actively involved in community development initiatives, leaving a positive impact on the lives of countless Filipinos. As the company continues to expand its horizons, it remains steadfast in its mission to deliver world-class construction services while upholding the highest standards of integrity and excellence.

MISSION

To deliver innovative, sustainable, and renewable building solutions that enhance the quality of life, protect the environment, and contribute to a greener future.

Core Values

- **Sustainability:** Prioritize eco-friendly materials and practices.
- **Innovation:** Embrace cutting-edge technologies and design.
- **Quality:** Deliver exceptional craftsmanship and durability.
- **Client Focus:** Understand and exceed client expectations.
- **Integrity:** Maintain ethical and transparent business practices.

VISION

Reming Construction Services envisions a world where built environments seamlessly integrate innovation, sustainability, and human experience. We aspire to be the pioneering force in crafting spaces that not only meet but exceed the evolving needs of our clients and communities. Through our unwavering commitment to excellence, we aim to redefine the construction industry by delivering projects that are not merely structures, but testaments to our dedication to quality, durability, and aesthetic brilliance. Our vision is to foster a legacy of building a better future, one project at a time, while leaving a positive and enduring impact on the world around us.

OUR TEAM

Our team stands as a beacon of excellence in the construction industry, renowned for our unwavering commitment to quality, safety, and innovation. Comprising seasoned professionals, skilled tradespeople, and visionary leaders, we collaborate seamlessly to transform bold ideas into tangible realities. Every project we undertake is executed with meticulous attention to detail, ensuring that we not only meet but exceed the expectations of our clients. Driven by a passion for building and a dedication to sustainable practices, our team is shaping the future of construction, one remarkable project at a time.

- ✓ Client Oriented and a Visionary

OUR PROCESS

1. Project Planning and Design

- **Initial Consultation:** Meet with clients to understand their needs and project requirements.
- **Site Analysis:** Conduct a thorough analysis of the construction site.
- **Design Development:** Create detailed architectural and engineering designs using modern technologies like **BIM (Building Information Modeling)**.

2. Permitting and Approvals

- **Regulatory Compliance:** Ensure all designs comply with local building codes and regulations.
- **Permit Acquisition:** Obtain necessary permits and approvals from relevant authorities.

3. Pre-Construction

- **Budgeting:** Develop a detailed budget and cost estimates.
- **Scheduling:** Create a comprehensive project schedule outlining all phases of construction.
- **Procurement:** Source and purchase materials and equipment.

4. Construction

- **Site Preparation:** Clear and prepare the construction site.
- **Foundation Work:** Lay the foundation according to the design specifications.
- **Structural and Architectural Work:** Erect the structural framework and finishing based the approved design and specification of the building.
- **Systems Installation:** Install electrical, plumbing, HVAC, and other systems.

5. Project Management

- **Quality Control:** Implement quality control measures to ensure high standards.
- **Safety Protocols:** Enforce safety protocols to protect workers and comply with regulations.
- **Progress Monitoring:** Regularly monitor progress and make adjustments as needed.

6. Post-Construction

- **Final Inspections:** Conduct final inspections to ensure everything meets the required standards.
- **Client Walkthrough:** Walk through the completed project with the client to address any concerns.
- **Handover:** Officially hand over the project to the client.

7. Maintenance and Support

- **Ongoing Support:** Provide maintenance and support services as needed.
- **Client Feedback:** Gather feedback from clients to improve future projects.

ACHIEVEMENTS

Reming Construction Services has made significant strides in the construction industry, establishing itself as a leader through its commitment to excellence and innovation. The company has successfully completed numerous high-profile projects, ranging from state-of-the-art commercial buildings to sustainable residential complexes. By integrating cutting-edge technology and adhering to the highest standards of safety and quality, Reming Construction Services has earned a reputation for delivering on time and within budget. Their dedication to eco-friendly practices and community engagement further underscores their position as a forward-thinking and socially responsible construction firm.

PORTFOLIO

A portfolio in construction projects serves as a comprehensive collection of an individual's or company's past work, highlighting their expertise, versatility, and successful project completions.

Ragaza Residences - Sta.Rosa,Laguna

House Renovation and Extension

The Ragaza Residence has a stunning renovation, transforming it into a serene sanctuary. With an emphasis on open spaces and natural light, the design incorporated soft, neutral tones and organic materials like wood and stone. Lush indoor plants and cozy furnishings created a harmonious blend of comfort and tranquility. The result is a rejuvenating haven where every corner invites relaxation and peace.

JULY 2021

Araiz Residence – Bagong Bantay, Q.C.

House Renovation and Extension

This project was 2 storey house which involves a comprehensive renovation of a house in Quezon City to create a modern and functional living space. The scope of work includes roofing, kitchen and living room remodel, bathroom upgrades, bedroom expansion, house extension, fence, gate and garage remodel. By incorporating luxury design, we aim to enhance both the aesthetics and practicality of the home.

SEPT 2022

Laz Buenas Warehouse – Potrero, Malabon

Perimeter Wall Construction

The construction of a perimeter wall in Malabon is a significant project aimed at enhancing security and delineating property boundaries. This undertaking involves careful planning and coordination, starting with site assessment and soil testing to ensure a solid foundation.

SEPT 2022

PORTFOLIO

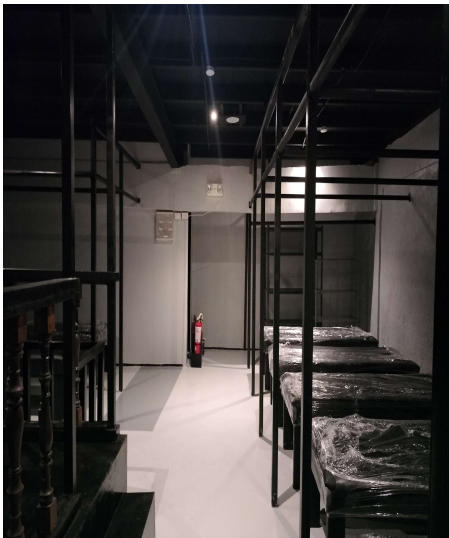

The Taste of Korea – SM Megamall

Fit – Out Works of the Store

The fit-out works for this food kiosk in SM Megamall involved a meticulous blend of traditional and modern design elements to create an inviting atmosphere. The project included the installation of custom-built counters, vibrant signage, and state-of-the-art kitchen equipment to ensure efficient service. Special attention was given to incorporating authentic Korean aesthetics, such as wooden accents and cultural motifs, to provide an immersive dining experience.

NOV 2022

Nuat Thai Body Massage – Portico, Pasig City

Mezzanine Extension and Renovation

The renovation of Nuat Thai Body Massage aims to create a more serene and inviting atmosphere for clients seeking relaxation and rejuvenation. The updated interiors feature soothing earth tones, soft lighting, and traditional Thai decor, enhancing the overall ambiance and promoting a sense of tranquility.

SEPT 2023

Arton at Rockwell – Marikina City

Renovation of Studio Type Condo Unit

Renovating a studio-type condo unit can be a simple yet transformative process. Start by refreshing the walls with a new coat of paint in light, neutral colors to create an illusion of more space. Consider multifunctional furniture, like a sofa bed or a foldable table, to maximize the limited area. Adding built-in shelves or cabinets can help with storage while keeping the space tidy and organized.

MAY 2024

PORTFOLIO

The Imperium at Capitol Commons

Ducting Installation

The installation of air conditioning ducting in Imperium involves a meticulous process to ensure optimal efficiency and comfort. Skilled technicians begin by designing a layout that accommodates the building's unique architectural features, ensuring even distribution of cool air in every space. High-quality materials are used for the ductwork to prevent leaks and maintain air quality.

JUL 2024

Case Residences – Zaragoza, Nueva Ecija

Construction of Residential House

This house is under construction with a unique design for Case-Cabatic Family. It was owned by an American Filipino. The design is based on mixed Mexican and Modern inspire with a vibrant look which make the house elegant.

ON-GOING CONST.

GENERAL MANAGER'S STATEMENT

Taking our company further

“Building our bridge towards success”

Our construction company stands as a beacon of reliability and innovation in the industry, built on a foundation of solid expertise and unwavering dedication. With years of experience, we have honed our skills in delivering exceptional quality in every project we undertake. Our portfolio boasts a diverse range of successful projects, from residential buildings to commercial complexes, each executed with precision and a keen eye for detail. Our strength lies not just in our technical capabilities but also in our commitment to understanding and exceeding our clients' expectations.

What sets us apart is our team's dedication to excellence. Every member, from the architects and engineers to the project managers and on-site workers, shares a common goal: to deliver top-notch results. Our architects are visionaries who blend creativity with practicality, designing spaces that are both beautiful and functional. The engineers ensure that these designs are structurally sound, leveraging the latest technology and best practices in the field. This collaborative spirit ensures that every project benefits from a wealth of knowledge and expertise, resulting in superior outcomes.

Revision 01 - Sept. 02, 2024

Our project managers are meticulous planners who oversee every aspect of the construction process. They ensure that timelines are met, budgets are adhered to, and quality standards are maintained throughout. Their ability to foresee potential challenges and implement proactive solutions is crucial in keeping projects on track. This proactive approach is a testament to their dedication and expertise, ensuring that our clients receive the best possible service.

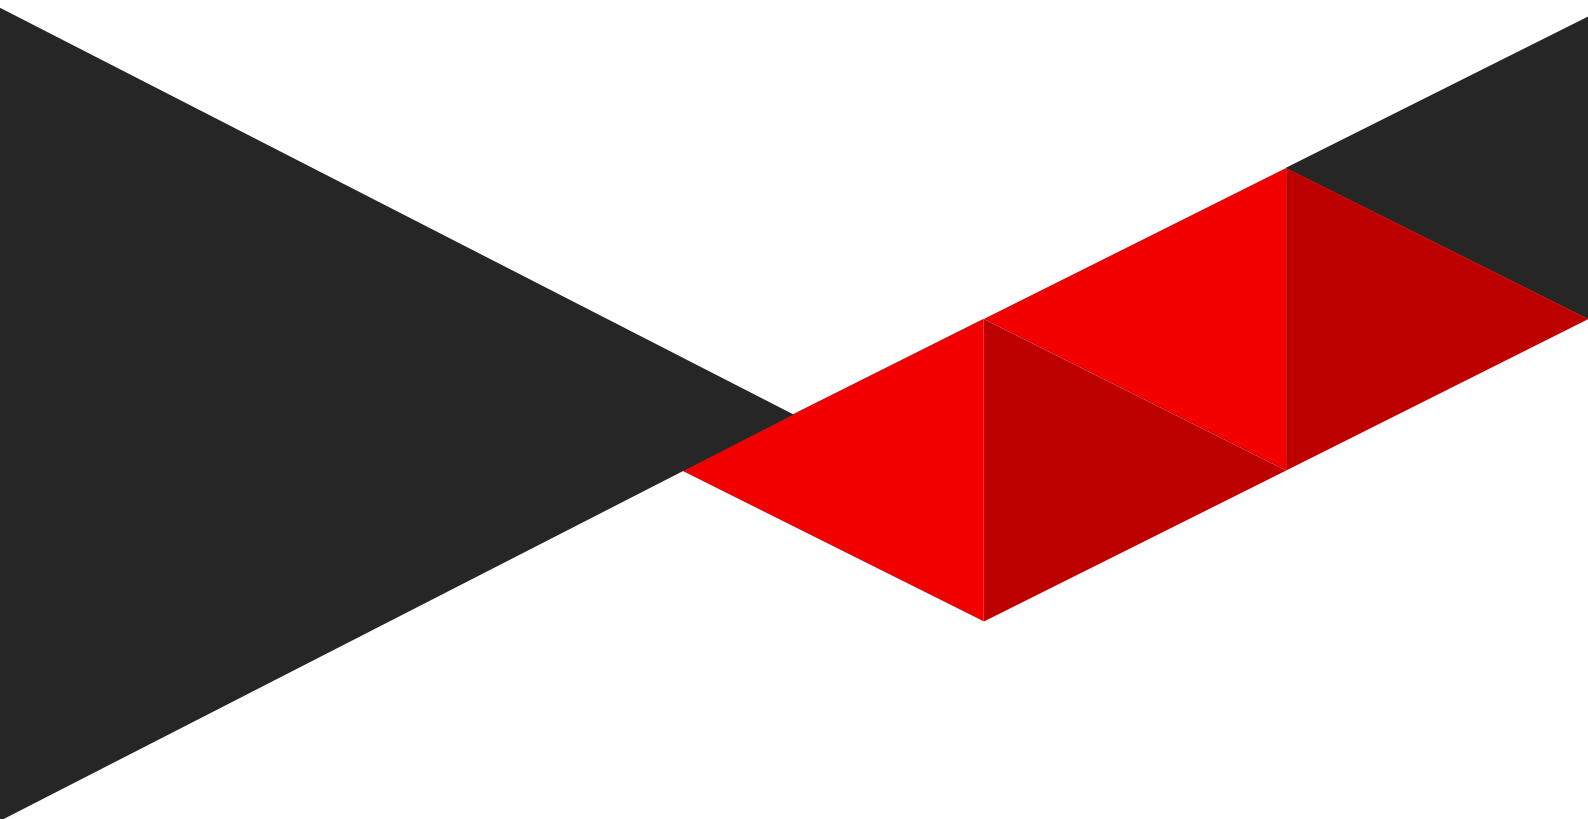

On-site, our workers bring the plans to life with skill and precision. They are the backbone of our company, executing complex tasks with a high degree of professionalism. Their dedication is evident in their attention to detail and their commitment to safety and quality. They understand that their work is not just about building structures but about creating spaces where people will live, work, and thrive. This sense of purpose drives them to deliver their best every day, ensuring that our projects are completed to the highest standards.

At the heart of our company is a culture of continuous improvement and learning. We invest in the development of our team members, providing ongoing training and opportunities for growth. This not only enhances their skills but also fosters a sense of loyalty and commitment to the company's vision. Our team's dedication, combined with our robust technical expertise, ensures that we remain at the forefront of the construction industry, delivering projects that stand the test of time.
